READ THE STORY

Once upon a time, there was a girl named Lily who lived in a pretty village surrounded by green hills. Lily loved exploring the forest near her home. One day, while she was walking in the woods, she found a shiny pond. Sitting by the pond was a frog with bright green skin.

Lily was surprised when the frog started talking to her! The frog explained that he was actually a prince who had been turned into a frog by a mean spell. The only way to turn him back into a prince was with a kiss from someone with a kind heart.

Lily felt sorry for the frog prince. Even though she was a bit scared, she decided to help. She gave the frog prince a gentle kiss on his slimy lips. **Suddenly, something magical happened! The frog turned into a handsome prince right before her eyes!**

The prince was so happy and thankful to Lily for breaking the spell. He invited her to his castle, where they became great friends and had lots of fun adventures together. And that's how Lily's kind heart helped a frog become a prince again!
